

Online CSA Feedback Service

Benchmark your company's sustainability performance against industry peers and receive insights on key improvement areas. The service provides benchmarking statistics and a qualitative gap analysis of your company's sustainability performance on a question level for selected criteria of the S&P Global Corporate Sustainability Assessment (CSA).

What do you get?

The service includes:

Access to the **Benchmarking** Database - Starter Level to benchmark your company against industry peers:

- Criteria and question level analysis.
- Overview table with broad peer group scores.
- Question level trend charts.
- Filter by country and regions and listing status most relevant to you.

Online Gap Analysis for up to 7 key questions

- Aspect by aspect gap analysis.
- Explanation of CSA's approach, including assessment focus, expected practice Question rationale already in the CSA questionnaire on the platform.
- Access to the Peer Practices Database to learn from peer practices in your own and other industries.

The database includes:

- Company examples
- Hypothetical examples
- Quantitative examples

A 1-hour over-the-phone debriefing session on the service with a sustainability benchmarking specialist.

How does it work?

The Online CSA Feedback Service can be ordered directly online. Simply log in to your company's account by visiting <https://portal.csa.spglobal.com/survey/>.

Make sure you are logged in with your CSA administrator account. Go to the "Report" tab under the "Benchmarking" tab. In there, click on "Order Question Feedback and then CSA Online Feedback Service". Payments can be made by credit card or invoice.

Once you place your order, the 7 questions with the highest weighted gap will be automatically pre-selected for inclusion in the service. However, you can manually change this pre-selection and instead select the 7 questions that you would like the service to focus on.

When will I receive my service?

The online order interface will indicate a delivery window. This will depend on the availability of analysts and the overall demand for this service. We target a delivery window of 4 to 6 weeks from receiving your order.

Key insights into your sustainability performance

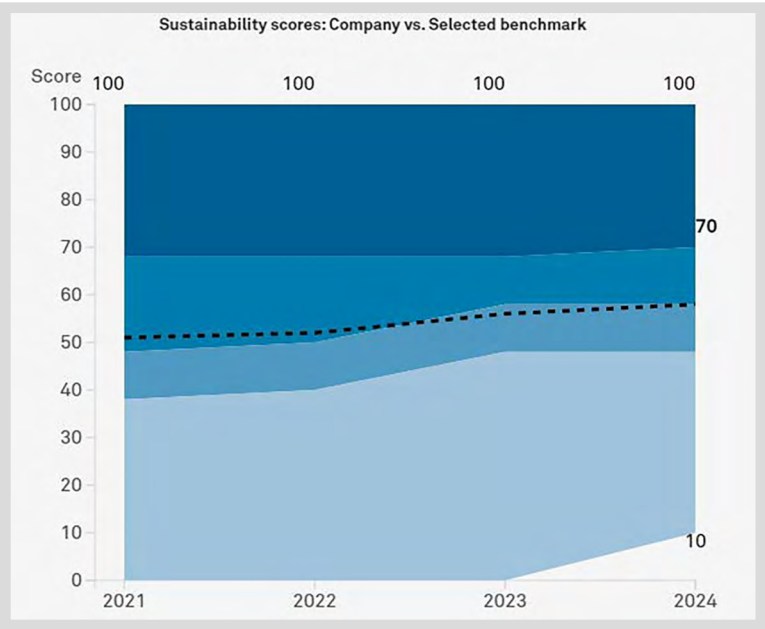

The service will include a gap analysis of 7 questions directly available on the CSA portal and one year of access to the Benchmarking and Peer Practices databases. The following sample screenshots give you an idea of the sort of analysis you will receive. The actual information provided is for illustration purposes only.
